

AUTODESK®  
ADVANCE STEEL

# A Scalable Performance

Autodesk® Advance Steel is BIM software for steel detailing and fabrication that integrates with Autodesk® AutoCAD® and Autodesk® Revit® software products to help accelerate time to fabrication and construction.

## Enhance your performance with Advance Steel

- 1 | Robust 3D modeling including steel connection design
- 2 | Productive detailing of miscellaneous steel and platework
- 3 | Train detailers quickly on the familiar AutoCAD platform

**We hope you were able to visit us at NASCC.** If not, please call 1-844-262-9170 so we can share what you missed.  
**And sign up for our April 23 webinar: *What's new in Advance Steel 2016* at <http://autode.sk/AdvanceSteelEvents>.**
